How We Are CONNECTED

GSPP Rehabilitation

Official Therapy Provider for Penn Medicine

Where We Are CONNECTED

**We're connected
to world-class
expertise and the
latest rehabilitative
treatments and
therapies.**

**We're connected
to each other.**

**We're connected
to our patients,
providing a highly
personal experience.**

We're connected to world-class expertise and the latest rehabilitative treatments and therapies.

Nearly two decades ago, two recognized experts joined together to create an elevated standard for agile, accessible, expert care for patients everywhere. Together, we focus on tomorrow's possibilities today, and strive to define the standard of rehabilitation while continually achieving extraordinary results for our patients, our people and our community.

This is elite care, elevated.

We're connected to each other.

We collaborate seamlessly across departments, service lines and entities to create the best possible outcomes. Together, we embody the spirit of "all for one," united in purpose and strengthened by shared connections. This fuels our drive for research and innovation, allowing us to explore solutions that enhance the quality of our care. Compassion is at the heart of everything we do, ensuring that every decision and action reflects our commitment to the well-being of those we serve.

GSPP Rehabilitation is where the best keep getting better.

We're connected to our patients, providing a highly personal experience.

As an organization, we are connected by a fierce sense of mission and commitment to providing the best collaborative care anywhere. We think in terms of "person" not simply patient, so the experience we create is intended to be seamless and highly personal. We leverage the exceptional skills, passion and combined strengths of our partnership to create one-of-a-kind recovery stories that resonate for a lifetime, and move people's lives forward.

This is where strength and passion come to life each day, in every interaction.

Our Story

Good Shepherd Penn Partners was established on July 1, 2008 as a collaboration between two respected health-care organizations to provide a comprehensive continuum of post-acute care.

This includes both inpatient and outpatient rehabilitation, as well as long-term acute care.

The formation of Good Shepherd Penn Partners marked a significant advancement in rehabilitative care, combining the clinical expertise of Penn Medicine with Good Shepherd Rehabilitation's century of evidence-based practices. This partnership optimizes post-acute care for patients in the Philadelphia region and aligns services throughout the Penn Medicine System, guided by a shared vision and core values.

In 2024, Good Shepherd Penn Partners became GSPP Rehabilitation, modernizing its name to leverage the established GSPP moniker and align with industry standards.

Our Mission

We create world-class, person-centered rehabilitation and post-acute care services by defining evidence-based practices and fully integrating care throughout the continuum.
